SUMMARY

Motivated and detail oriented graduate with strong problem-solving and communication skills. Eager to apply my knowledge and learn in a professional environment. Quick learner with a positive attitude and contributing to team success.

Academic Project Experience

Drone Monitoring and Predictive Failure Detection System

- Developed an IoT-based Drone monitoring system to continuously monitor real-time drone health parameters and improve operational reliability.
- Built a machine learning model to analyze sensor data and predict potential drone failures, providing early warnings before critical faults occur.
- Designed and implemented a real-time dashboard for visualizing drone telemetry and hardware sensor data, enabling users to monitor system status remotely.

SKILLS

Programming Languages : C, C++, Python, JavaScript

Frameworks & Libraries : React, Next.js, Node.js, Express.js, Tailwind CSS

Databases : MySQL, PostgreSQL, MongoDB

Developer Tools : Git, GitHub, VS Code, Postman, Vercel

EDUCATION

MADHAV INSTITUTE OF TECHNOLOGY & SCIENCE

Aug. 2024 – Apr. 2028

Bachelor of Technology in IOT

Gwalior, MP

- **Coursework**: Sensors & Actuators, Data Structures, Algorithms, Operating System, Embedded System, OOPS

PROJECTS

E-Commerce (RentHub)

- Built **RentHub**, a full-stack rental platform where users can list and rent clothes, shoes, watches, and accessories, encouraging affordable and sustainable sharing.
- Implemented user authentication, product listings, and a secure rental process, enabling owners to earn from unused items while offering a seamless experience for renters.

SAMVAD

- Built **SAMVAD**, a mobile app for citizens and a web portal for administrators that provides users with government scheme notifications based on their occupation.
- Used AI to categorize users by occupation from voter list data, helping ensure government schemes reach the right beneficiaries more efficiently and improving access to available benefits.

ACHIEVEMENTS

- **India Innovates Hackathon** – State-level Govt. hackathon held at Bharat Mandapam and received a Certificate.
- **Hackathon Achievement** – Secured **13th place** among **300+ teams** at a hackathon organized by GIT, Jaipur.
- **Event Management** – Successfully managed **Aarunya**, the annual fest of MITS, and got a certificate of appreciation.
